Preface (GR-9N-02-005-01 DE)

Aetna Life Insurance Company (ALIC) is pleased to provide you with this *Booklet-Certificate*. Read this *Booklet-Certificate* carefully. The plan is underwritten by Aetna Life Insurance Company of Hartford, Connecticut (referred to as **Aetna**).

This *Booklet-Certificate* is part of the *Group Insurance Policy* between Aetna Life Insurance Company and the Policyholder. The *Group Insurance Policy* determines the terms and conditions of coverage. **Aetna** agrees with the Policyholder to provide coverage in accordance with the conditions, rights, and privileges as set forth in this *Booklet-Certificate*. The Policyholder selects the products and benefit levels under the plan. A person covered under this plan and their covered dependents are subject to all the conditions and provisions of the *Group Insurance Policy*.

The *Booklet-Certificate* describes the rights and obligations of you and **Aetna**, what the plan covers and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet-Certificate*. Your *Booklet-Certificate* includes the *Schedule of Benefits* and any amendments or riders.

If you become insured, this *Booklet-Certificate* becomes your *Certificate of Coverage* under the *Group Insurance Policy*, and it replaces and supersedes all certificates describing similar coverage that **Aetna** previously issued to you.

Important Information Regarding Availability of Coverage (GR-9N 02-005 02)

No services are covered under this *Booklet-Certificate* in the absence of payment of current premiums subject to the *Grace Period* and the *Premium* section of the *Group Insurance Policy*.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this *Booklet-Certificate* or under the terms of the *Group Insurance Policy*, the plan does not pay benefits for a loss or claim for a health care, medical or dental care expense incurred before coverage starts under this plan.

This plan will not pay any benefits for any claims, or expenses incurred after the date this plan terminates.

This provision applies even if the loss, or expense, was incurred because of an **accident, injury** or **illness** that occurred, began or existed while coverage was in effect.

Please refer to the sections, “*Termination of Coverage (Extension of Benefits)*” and “*Continuation of Coverage*” for more details about these provisions.

Benefits may be modified during the term of this plan as specifically provided under the terms of the *Group Insurance Policy* or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply to any expenses incurred for services or supplies furnished on or after the effective date of the plan modification. There is no vested right to receive any benefits described in the *Group Insurance Policy* or in this *Booklet-Certificate* beyond the date of termination or renewal including if the service or supply is furnished on or after the effective date of the plan modification, but prior to your receipt of amended plan documents.

Coverage for You and Your Dependents (GR-9N-02-005-01 DE)

Health Expense Coverage (GR-9N-02-020-01 DE)

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet-Certificate* for more information about your coverage.

Treatment Outcomes of Covered Services (GR-9N-02-020-01 DE)

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Can Be Covered

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class”, as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class (GR-9N-29-005-02)

You are in an eligible class if:

- You are a regular full-time employee of OBO/USAID c/o Bowman Gaskins Financial participating in this plan working a minimum of 25 hours per week and you elected coverage under the plan.

Determining When You Become Eligible (GR-9N-29-005-02)

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan

If you are hired after the effective date of this plan, your coverage eligibility date is the date you are hired.

If you enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents (GR-9N-29-010-02 DE)

Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; or
- Your domestic partner who meets the rules set by your employer; and
- Your dependent children; and
- Dependent children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.

Coverage for Domestic Partner (GR-9N 29-010 01)

To be eligible for coverage, you and your domestic partner will need to complete and sign a Declaration of Domestic Partnership.

Coverage for Dependent Children (GR-9N-29-010-06 DE)

To be eligible for coverage, a dependent child must be under 26 years of age.

(GR-9N-29-010-06 DE)

An eligible dependent child includes:

- Your biological children.
- Your stepchildren.
- Your legally adopted children.
- Your foster children, including any children placed with you for adoption.
- Any children for whom you are responsible under court order.
- Your grandchildren in your court-ordered custody.
- Any other child with whom you have a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll (GR-9N 29-015-02)

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Late Enrollment

If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered **Late Enrollees** and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered **Late Enrollees**.

You must return your completed enrollment form before the end of the next annual enrollment period.

However, you and your eligible dependents may not be considered **Late Enrollees** under the circumstances described in the “Special Enrollment Periods” section below.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods *(GR-9N-29-015-05)*

You will not be considered a **Late Enrollee** if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

Loss of Other Health Care Coverage

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
 - You or your dependents were covered under other **creditable coverage**; and
 - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
 - The end of your employment;
 - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
 - The ending of the other plan’s coverage;
 - Death;
 - Divorce or legal separation;
 - Employer contributions toward that coverage have ended;
 - COBRA coverage ends;
 - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;
 - Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
 - With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
 - You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 31 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to **Aetna**. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

New Dependents

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 31 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 31 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to **Aetna** within 31 days of the change. If you do not return the form within 31 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan's definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 31 days of the placement;
- Proof of placement will need to be presented to **Aetna** prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage;

When You Receive a Qualified Child Support Order

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan's definition of an eligible dependent; and
- You request coverage for the child in writing within 31 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 31-day period.

If you do not request coverage for the child within the 31-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins (GR-9N 29-025-02)

Your Effective Date of Coverage

Your coverage takes effect on:

- The date you are eligible for coverage.

Your Dependent's Effective Date of Coverage (GR-9N 29-025-02)

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to **Aetna** within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

How Your Medical Plan Works

(GR-9N-08-005-01)

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet-Certificate explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet-Certificate as **covered expenses** that are **medically necessary**.
- This Booklet-Certificate applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet-Certificate in a safe place for future reference.

Common Terms (GR-9N-08-010-01)

Many terms throughout this Booklet-Certificate are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your PPO Comprehensive Medical Plan (GR-9N-08-020-01)

This Preferred Provider Organization (PPO) medical plan provides coverage for a wide range of medical expenses for the treatment of **illness** or **injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your PPO plan, you can directly access any **physician, hospital** or **other health care** provider (**network, out-of-network** and outside the United States) for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **network providers** or **out-of-network providers**.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet-Certificate. Coverage is subject to all the terms, policies and procedures outlined in this Booklet-Certificate. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers, Exclusions, Limitations* and *Schedule of Benefits* sections to determine if medical services are covered, excluded or limited.

This PPO plan provides access to covered benefits through a network of health care providers and facilities. These **network providers** have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members at a reduced fee called the **negotiated charge**. This PPO plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your **copayments**, and payment percentage will generally be lower when you use participating **network providers** and facilities.

You also have the choice to access licensed **providers, hospitals** and facilities outside the network for covered benefits. Your out-of-pocket costs will generally be higher. **Copayments**, and **coinsurance** are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered benefits under this Booklet-Certificate. If **Aetna** determines that the recommended services or supplies are not covered benefits, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* section of this Booklet-Certificate and the Complaints and Appeals Health Amendment included with this Booklet-Certificate.

To better understand the choices that you have with your PPO plan, please carefully review the following information.

How Your PPO Plan Works (GR-9N-08-025-03 DE)

Accessing Network Providers and Benefits

- You may select any **network provider** from the **Aetna network provider directory** or by logging on to **Aetna's** website www.aetnainternational.com. You can search **Aetna's** online **directory**, DocFind®, for names and locations of **physicians** and **other health care** providers and facilities. You can change your health care provider at any time.
- If a service you need is covered under the plan but not available from a **network provider**, please contact Member Services at the toll-free number on your ID card for assistance.
- Certain health care services obtained in the United States such as **hospitalization**, outpatient surgery and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information.
- You will not have to submit medical claims for treatment received from **network providers**. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** less any cost sharing required by you. You will be responsible for **coinsurance**, and **copayment**, if any.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe toward your **copayment**, **coinsurance**, or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

Important Note:

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- For certain types of services and supplies, you will be responsible for any **copayment** shown in the *Schedule of Benefits*.
- You will be responsible for your **coinsurance** for **covered expenses** that you incur. Your **coinsurance** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply. You will be responsible for your **coinsurance** up to the **coinsurance limit** applicable to your plan.
- Once you satisfy any applicable **coinsurance limit**, the plan will pay 100% of the **covered expenses** that apply toward the limit for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **coinsurance limit**. Refer to your *Schedule of Benefits* section for information on what specific **limits**, apply to your plan.
- The plan will pay for **covered expenses**, up to the maximums shown in the *What the Plan Covers* or *Schedule of Benefits* sections. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* or *Schedule of Benefits* sections.
- You may be billed for any **copayments**, or **coinsurance** amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits

- You have the choice to directly access **physicians, hospitals** or **other health care** providers that do not participate with the **Aetna provider network**. You will still be covered when you access **out-of-network providers** for **covered benefits**. Your out-of-pocket costs will generally be higher.
- **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan. **Coinsurance** is usually higher when you utilize **out-of-network providers**. Except for emergency services, **Aetna** will only pay up to the **recognized charge**.
- **Precertification** is necessary for certain services obtained in the United States. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from **Aetna**. Your **provider** may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- When you use **physicians** and **hospitals** that are not in the **network** you may have to pay for services at the time they are rendered. You may be required to pay the charges and submit a claim form for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an **out-of-network provider**. **Aetna** will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.
- If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**.
- You will receive notification of what the plan has paid toward your medical expenses. It will indicate any amounts you owe towards your **coinsurance**, or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Important Note

Failure to **precertify** in the United States will result in a reduction of benefits under this Booklet-Certificate. Please refer to the *Understanding Precertification* section for information on how to **precertify** and the **precertification** benefit reduction.

Cost Sharing for Out-of-Network Benefits

Important Note:

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- You will be responsible for any applicable **coinsurance** for **covered expenses** that you incur. You will be responsible for your **coinsurance** up to the **coinsurance limit** applicable to your plan.
- Your **coinsurance** will be based on the **recognized charge**. If the health care provider you select charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**.
- Once you satisfy any applicable **coinsurance limit**, the plan will pay 100% of the **covered expenses** that apply toward the limit for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **coinsurance limit**. Refer to the *Schedule of Benefits* section for information on what expenses do not apply and for the specific dollar limits that apply to your plan.
- The plan will pay for **covered expenses**, up to the maximums shown in the *What the Plan Covers* or *Schedule of Benefits* section. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* or the *Schedule of Benefits* sections.

Understanding Precertification (Applies in the United States) (GR-9N-08-060 01)

Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring **precertification** follows on the next page.

Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You are responsible for obtaining **precertification**. You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet-Certificate in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
For an emergency outpatient medical condition :	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission :	You, your physician or the facility must call within 48

	hours or as soon as reasonably possible after you have been admitted.
For an urgent admission :	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness ; the diagnosis of an illness ; or an injury .
For outpatient non-emergency medical services requiring precertification :	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna's** decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Appeals Amendment included with this Booklet-Certificate.

Services and Supplies Which Require Precertification (Applies in the United States) *(GR-9N-08-065-04 DE)*

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- **Stays in a hospital**
- **Stays in a skilled nursing facility**
- **Stays in a rehabilitation facility**
- **Stays in a hospice facility**
- **Outpatient hospice care**
- **Stays in a residential treatment facility** for treatment of mental disorders, alcoholism or drug abuse treatment
- **Home health care**
- **Private duty nursing care**

How Failure to Precertify Affects Your Benefits *(GR-9N 08-070-01)*

A **precertification** benefit reduction will be applied to the benefits paid if you fail to obtain a required **precertification** prior to incurring medical expenses. This means **Aetna** will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary **precertification** from **Aetna** prior to receiving services from an **out-of-network provider**. Your provider may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified** by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary **precertification** is not obtained.

If precertification is:	then the expenses are:
▪ requested and approved by Aetna	▪ covered.
▪ requested and denied.	▪ not covered, may be appealed.
▪ not requested, but would have been covered if requested.	▪ covered after a precertification benefit reduction is applied.*
▪ not requested, would not have been covered if requested.	▪ not covered, may be appealed.

It is important to remember that any additional out-of-pocket expenses incurred because your **precertification** requirement was not met will not count toward your **Coinsurance Limit**.

*Refer to the *Schedule of Benefits* section for the amount of **precertification** benefit reduction that applies to your plan.

Emergency and Urgent Care (GR-9N-27-005-01)

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition in the United States, your benefits will be reduced. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition in the United States, the plan will pay a reduced benefit, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition (GR-9N-27-010-01)

If you need help finding a **network urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access **Aetna's** online provider directory at www.aetnainternational.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your coverage will be reduced and you will be responsible for more of the cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **network provider**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **coinsurance** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements for Coverage (GR-9N-09-005-01 DE)

 - Be included as a covered expense in this Booklet-Certificate;
 - Not be an excluded expense under this Booklet-Certificate. Refer to the *Exclusions* sections of this Booklet-Certificate for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet-Certificate. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and

3. The service or supply or **prescription drug** must be **medically necessary**. To meet this requirement, the medical services, supply or **prescription drug** must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

Covered expenses include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of four hours or less, with a daily maximum of three visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient **stay**, the intermittent requirement may be waived to allow coverage for up to 12 hours (three visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.
- Home health aide services, when provided in conjunction with skilled nursing care, that directly support the care. These services need to be provided during intermittent visits of four hours or less, with a daily maximum of three visits.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse or therapist is one visit.

In figuring the Plan Year Maximum Visits, each visit of up to 4 hours is one visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

Unless specified above, *not* covered under this benefit are charges for:

- Services or supplies that are not a part of the **Home Health Care Plan**.
- Services of a person who usually lives with you, or who is a member of your or your spouse's or your domestic partner's family.
- Services of a certified or licensed social worker.
- Services for Infusion Therapy.
- Transportation.
- Services or supplies provided to a minor or dependent adult when a family member or caregiver is not present.
- Services that are **custodial care**.

Home health in the United States care needs to be **precertified** by **Aetna**. Refer to *How the Plan Works* for details about **precertification**.

You must meet the following conditions:

- You are currently receiving inpatient **hospital** care, or inpatient subacute care, and
- The **skilled nursing facility** admission will take the place of an admission to, or continued **stay** in, a **hospital** or subacute facility; or it will take the place of three or more skilled nursing care visits per week at home; and
- There is a reasonable expectation that your condition will improve sufficiently to permit discharge to your home within a reasonable amount of time; and

Coverage for **prescription drugs** obtained from an **out-of-network pharmacy** is limited to those obtained in connection with covered emergency and out-of-area urgent care services.

Availability of Providers

Aetna cannot guarantee the availability or continued network participation of a particular **pharmacy**. Either **Aetna** or any **network pharmacy** may terminate the provider contract.

Cost Sharing for Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for the **copayment** for each **prescription** or refill as specified in the *Schedule of Benefits*. The **copayment** is payable directly to the **network pharmacy** at the time the **prescription** is dispensed.
- After you pay the applicable **copayment**, you will be responsible for any applicable **coinsurance** for **covered expenses** that you incur. Your **coinsurance** amount is determined by applying the applicable **coinsurance** percentage to the **negotiated charge** if the **prescription** is filled at a **network pharmacy**. When you obtain your **prescription drugs** through a **network pharmacy**, you will not be subject to balance billing.

When You Use an Out-of-Network Pharmacy (GR-9N 13-005 01 DE)

You can directly access an **out-of-network pharmacy** to obtain covered outpatient **prescription drugs**. You will pay the **pharmacy** for your **prescription drugs** at the time of purchase and submit a claim form to receive reimbursement from the plan. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an out-of-network **pharmacy**. **Aetna** will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

Out-of-network expenses will be reimbursed by your medical expense coverage. You will be subject to the cost sharing provisions listed in the *Schedule of Benefits* for your medical expense coverage.

Aetna retains the right to review all requests for reimbursement and in its sole discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet-Certificate.

The number of **copayments** you are responsible for per vial of Depo-Provera, an injectable contraceptive, or similar type contraceptive dispensed for more than a 30 day supply, will be based on the 90 day supply level. Coverage is limited to a maximum of 5 vials per plan year.

When Coverage Ends (GR-9N-30-005-05 DE)

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your coverage under the plan will end if:

- The plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employment stops for any reason, including a job elimination or being placed on severance. This will be either the date you stop active work, or the day before the first premium due date that occurs after you stop active work. However, if premium payments are made on your behalf, **Aetna** may deem your employment to continue, for purposes of remaining eligible for coverage under this Plan, as described below:
 - If you are not actively at work due to **illness or injury**, your coverage may continue, until stopped by your employer, but not beyond 30 months from the start of your absence.
 - If you are not actively at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day you are actively at work before the start of the lay-off or leave of absence.

It is your employer's responsibility to let **Aetna** know when your employment ends. The limits above may be extended only if **Aetna** and your employer agree, in writing, to extend them.

Your Proof of Prior Medical Coverage (GR-9N-30-010-01)

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of **creditable coverage** when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of **creditable coverage**.

When Coverage Ends for Dependents (GR-9N-30-015-02)

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees (This does not apply if you use up your lifetime maximum, if included);

- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership. In that event, you should provide your Employer a completed and signed Declaration of Termination of Domestic Partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage (GR-9N-31-010-03)

Continuing Health Care Benefits (GR-9N-31-015-06)

Continuing Coverage for Dependent Students on Medical Leave of Absence (GR-9N-31-015-01)

If your dependent child who is eligible for coverage and enrolled in this plan by reason of his or her status as a full-time student at a postsecondary educational institution ceases to be eligible due to:

- a medically necessary leave of absence from school; or
- a change in his or her status as a full-time student,

resulting from a serious **illness** or **injury**, such child's coverage under this plan may continue.

Coverage under this continuation provision will end when the first of the following occurs:

- The end of the 12 month period following the first day of your dependent child's leave of absence from school, or a change in his or her status as a full-time student;
- Your dependent child's coverage would otherwise end under the terms of this plan;
- Dependent coverage is discontinued under this plan; or
- You fail to make any required contribution toward the cost of this coverage.

To be eligible for this continuation, the dependent child must have been enrolled in this plan and attending school on a full-time basis immediately before the first day of the leave of absence.

To continue your dependent child's coverage under this provision you should notify your employer as soon as possible after your child's leave of absence begins or the change in his or her status as a full-time student. **Aetna** may require a written certification from the treating **physician** which states that the child is suffering from a serious **illness** or **injury** and that the resulting leave of absence (or change in full-time student status) is **medically necessary**.

Important Note

If at the end of this 12 month continuation period, your dependent child's leave of absence from school (or change in full-time student status) continues, such child may qualify for a further continuation of coverage under the Handicapped Dependent Children provision of this plan. Please see the section, *Handicapped Dependent Children*, for more information.

Delaware Continuation Rights for Over-Age Dependents

As used in this provision, “Over-Age Dependent” means an employee’s child by blood or law who:

- a) has reached the limiting age as described in the Dependent Eligibility section of the Summary of Benefits, but is less than 24 years of age;
- b) is not married;
- c) has no dependents of his or her own;
- d) is either a resident of Delaware or is enrolled as a full-time student at an accredited public or private institution of higher education; and
- e) is not actually provided coverage as a named subscriber, insured, enrollee, or covered person under any other group or individual health benefits plan, group health plan, or church plan, or entitled to benefits under Medicare.

If a Dependent Loses Eligibility

If a dependent child’s group health benefits end or have ended due to his or her reaching the limiting age requirement in the Dependent Eligibility section of the Summary of Benefits, he or she may elect to continue such benefits until his or her 24th birthday, subject to the Conditions for Election, Election of Continuation and When Continuation Ends sections as shown below.

Conditions for Election

An Over-Age Dependent is only entitled to make an election for continued coverage if all of the following conditions are met:

- a) The group plan under which the dependent child was covered immediately prior to reaching the limiting age, as described in the Dependent Eligibility section under the group plan, must have been a fully-insured group plan issued in Delaware.
- b) The dependent child must actually have been covered under the group plan on the date he or she reached the limiting age as described in the Dependent Eligibility section under the group plan.
- c) The employee of an Over-Age Dependent must be enrolled as having elected dependent coverage at the time the Over-Age Dependent elects to continue coverage.

Election of Continuation

To continue group health benefits, an Over-Age Dependent, whose coverage under the plan terminated due to reaching the limiting age before the dependent’s 24th birthday, may make a written election for coverage as follows:

- a) within 30 days prior to the termination of coverage at the specific age provided in the contract’s language;
- b) within 30 days after meeting the requirements for an Over-Age Dependent, when coverage for the dependent under the group plan had previously terminated; or
- c) during an open enrollment period, as provided pursuant to the group plan, if the Over-Age Dependent meets the requirements for dependent status as set forth in the dependent eligibility section under the group plan, during the open enrollment period.

In addition, adult children who reached the limiting age under the parent’s coverage prior to June 1, 2007 may make an enrollment request at any time from June 1, 2007 through May 31, 2008.

The Continued Coverage

The continued coverage shall be identical to the coverage provided to the Over-Age Dependent’s parent who is covered as an employee under the plan. If coverage is modified for dependents who are under the limiting age, the coverage for Over-Age Dependents shall also be modified in the same manner. Evidence of insurability is not required for the continued coverage.

When Continuation Ends

An Over-Age Dependent’s continued group health benefits end on the first of the following:

- a) the date the Over-Age Dependent:
 - 1. attains age 24;
 - 2. marries;
 - 3. acquires a dependent;

4. is no longer either a resident of Delaware or enrolled as a full-time student at an accredited public or private institution of higher education; or
 5. becomes covered under any other group or individual health benefits plan, group health plan, or church plan, or becomes entitled to Medicare.
- b) the date on which coverage ceases under the contract by reason of a failure to make a timely payment of any premium required under the contract by the covered person or dependent for Over-Age Dependent coverage;
 - c) the date the plan ceases to provide coverage to the Over-Age Dependent's parent who is the employee under the plan.
 - d) The date the plan under which the Over-Age Dependent elected to continue coverage is amended to eliminate coverage for dependents.
 - e) The date the Over-Age Dependent's parent who is covered as an employee under the plan waives dependent coverage. Except, if the employee has no other dependents, the Over-Age Dependent's coverage will not end as a result of the employee waiving dependent coverage.

Important Note:

- Once the employer has validated the employee is an active employee and covered under the plan, the Supplemental Enrollment Information Form must be completed by the enrollee and submitted to Aetna according to the timeframes identified in the "Election of Continuation" section shown above.
- An Over-Age Dependent while being issued continued coverage as an Over-Age Dependent is not considered to be an employee.
- Aetna will bill the covered Over-Age Dependent directly and enrollees will remit the premium directly to Aetna. Enrollees will be required to enter an address on the Supplemental Enrollment Information Form even when it is the same as the employees address.
- Although the employee must continue eligibility under the group plan for continued coverage of the dependent, the dependent must also meet the applicable eligibility criteria. All cost sharing requirements and limitations will apply, and will not be aggregated with the employee's plan. Consequently, Covered Benefits incurred by the dependent will not contribute towards the Out-of-Pocket Maximums, nor will family incurred expenses contribute towards the Over-Age Dependent's deductibles or Out-of-Pocket Maximums.
- Any Out-of-Pocket Maximums that the Over-Age Dependent satisfied as a Dependent under the group plan will not be used to satisfy the applicable Out-of-Pocket Maximum cost sharing for the continued coverage for the Over-Age Dependent. The Over-Age Dependent will need to satisfy any applicable Out-of-Pocket Maximum under the Over-Age Dependent Continuation of Coverage.
- The Termination of Coverage section of the Booklet-Certificate does not apply to an Over-Age Dependent. The Over-Age Dependent should refer to the Delaware Continuation Rights for Over-Age Dependents and the section titled "When Continuation Ends."
- Over-Age Dependents who have made an Election for Continuation and whose coverage is later terminated under the Delaware Continuation Rights for Over-Age Dependents may not be eligible for the continuation provided under the Consolidated Omnibus Budget Reconciliation Act (COBRA) or Delaware Continuation under the group plan.
- The Dependent Eligibility section in the group Summary of Benefits does not apply to the Over-Age Dependent. The first provision in the Delaware Continuation Rights for Over-Age Dependents above, defines an Over-Age Dependent eligibility.
- A dependent of an Over-Age Dependent will not be covered for any Covered Benefits in the Booklet-Certificate. This would also include any newborn children.

Handicapped Dependent Children *(GR-9N-31-015-01)*

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Extension of Benefits (GR-9N 31-020 01)

Extended Health Coverage (GR-9N 31-020 01)

(GR-9N 31-020 01)

Medical Benefits (other than Basic medical benefits): Coverage will be available while you are totally disabled, but only for the condition that caused the disability, for up to 12 months.

Prescription Drug Benefits: Coverage will be available while you are totally disabled for up to 12 months.

When Extended Health Coverage Ends

Extension of benefits will end on the first to occur of the date:

- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)

COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of premiums. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required premiums.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled.

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the premiums after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events.

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Premium Payments for Continuation Coverage

Your premium payments are regulated by law, based on the following:

- For the 18 or 36 month periods, premiums may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, premiums for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional premiums for continuation are paid on a timely basis.

Important Note

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required premiums.
- You or your covered dependents become covered under another group plan that does not restrict coverage for pre-existing conditions. If your new plan limits pre-existing condition coverage, the continuation coverage under this plan may remain in effect until the pre-existing clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Coordination of Benefits - What Happens When There is More Than One Health Plan

(GR-9N-33-005-02)

When Coordination of Benefits
Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or **recognized charges**, any amount in excess of the highest of the reasonable or **recognized charges** for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or **recognized charges** and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a

negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the Plan Year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the policy that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Which Plan Pays First (GR-9N-33-010-01)

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:

1. **Non-Dependent or Dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a **Medicare** beneficiary and, as a result of federal law, **Medicare** is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
 2. **Child Covered Under More than One Plan.** The order of benefits when a child is covered by more than one plan is:
 - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married or living together whether or not married;
 - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.
 - C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
 - The plan of the custodial parent;
 - The plan of the spouse of the **custodial parent**;
 - The plan of the **noncustodial parent**; and then
 - The plan of the spouse of the **noncustodial parent**.
- For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.
3. **Active Employee or Retired or Laid off Employee.** The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
 4. **Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, or subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, This Plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

When this plan is secondary, it may reduce its benefits so that total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. The difference between the benefit payments that this plan would have paid had it been the primary plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the covered person and used by this plan to pay any allowable expenses, not otherwise paid during the claim determination period.

In addition, a **secondary plan** will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of **This Plan**, the amount normally reimbursed for covered benefits or expenses under **This Plan** is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under **This Plan** for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of **This Plan** and another plan both agree that **This Plan** determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more **closed panel plans** COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

(GR-9N 33-020-01)

Which Plan Pays First

How Coordination with Medicare Works

What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet-Certificate, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease.

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code i.e., generally a plan of an employer with 100 or more employees.

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information *(GR-9N-S-33-025-01)*

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions

(GR-9N 32-005 02 DE)

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will also include the right and opportunity to make an autopsy in the case of death where it is not prohibited by law. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Aetna will not try to reduce or deny a benefit payment on the grounds that a condition existed before your coverage went into effect, if the loss occurs more than 2 years from the date coverage commenced. This will not apply to conditions excluded from coverage on the date of the loss.

Confidentiality

Information contained in your medical records and information received from any provider incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by **Aetna** when necessary for your care or treatment, the operation of the plan and administration of this Booklet-Certificate, or other activities, as permitted by applicable law. You can obtain a copy of **Aetna's** Notice of Information Practices by calling **Aetna's** toll-free Member Service telephone.

Additional Provisions

The following additional provisions apply to your coverage.

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. Additional provisions are described elsewhere in the *group policy*. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- Your employer hopes to continue the plan indefinitely but, as with all group plans, the plan may be changed or discontinued with respect to your coverage.

Assignments (GR-9N 32-005 02 DE)

Coverage may be assigned only with the written consent of **Aetna**. To the extent allowed by law, **Aetna** will not accept an assignment to an **out-of-network provider**, including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach or alleged breach, of the terms of this group insurance policy.

Misstatements (GR-9N-32-005-02 DE) (GR-9N-32-005-03)

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall be deemed representations and not warranties. No written statement made by you shall be used by **Aetna** in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna's failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

Incontestability

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you, an eligible employee or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

Workers' Compensation

If benefits are paid by **Aetna** and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna** will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;

- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this policy, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna** as described above.

If benefits are paid under this policy and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna** has a right to recover from you or your covered dependent an amount equal to the amount **Aetna** paid.

Recovery of Overpayments (GR-9N-32-015-01 DE)

Health Coverage

If a benefit payment is made by **Aetna**, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, **Aetna** has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery **Aetna** may have with respect to such overpayment.

Reporting of Claims (GR-9N-32-020-01 DE) (GR-9N-32-015-01 DE)

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits (GR-9N-32-025-02)

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

Aetna will notify you in writing, at the time it receives a claim, when an assignment of benefits to a health care provider or facility will not be accepted.

Any unpaid balance will be paid within 30 days of receipt by **Aetna** of the due written proof.

Aetna may pay up to \$1,000 of any other benefit to any of your relatives whom it believes are fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release. It can also be done if a benefit is payable to your estate.

When a **physician** provides care for you or a covered dependent, or care is provided by a **network provider** on referral by your **physician (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses (GR-9N-32-030-02)

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Effect of Benefits Under Other Plans (GR-9N 32-035-01)

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care), if any, on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group policy anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

Any extensions of benefits under this plan for disability or pregnancy will not always apply on and after the date of a change to an HMO Plan providing medical coverage. They will apply only if the person is not covered at once under the HMO Plan because he or she is in a **hospital** not affiliated with the HMO. If you give evidence that the HMO Plan provides an extension of benefits for disability or pregnancy, coverage under this plan will be extended. The extension will be for the same length of time and for the same conditions as the HMO Plan provides. It will not be longer than the first to occur of:

- The end of a 90 day period; and
- The date the person is not confined.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Effect of Prior Coverage - Transferred Business (GR-9N 32-040 02 DE)

If your coverage under any part of this plan replaces any prior coverage for you, the rules below apply to that part.

"Prior coverage" is any plan of group coverage that has been replaced by coverage under part or all of this plan; it must have been sponsored by your employer (e.g., transferred business). The replacement can be complete or in part for the eligible class to which you belong. Any such plan is prior coverage if provided by another group contract or any benefit section of this plan.

Coverage under any other section of this plan will be in exchange for all privileges and benefits provided under any like prior coverage. Any benefits provided under such prior coverage may reduce benefits payable under this plan.

If:

- A dependent child's eligibility under the prior coverage is a result of his or her status as a full-time student at a postsecondary educational institution; and
- Such dependent child is in a period of coverage continuation pursuant to a medically necessary leave of absence from school (or change in full-time student status); and
- This plan provides coverage for eligible dependents;

health coverage under this plan will continue uninterrupted as to such dependent child for the remainder of the continuation period as provided under the section, *Continuing Coverage for Dependent Students on Medical Leave of Absence*.

Discount Programs (GR-9N 32-045-01)

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives (GR-9N 32-045-01)

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment**, coinsurance otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

R (GR-9N-34-090-01 DE)

Recognized Charge (GR-9N-34-090-01 DE)

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to medical, vision and hearing expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
 - the 80th percentile of the Prevailing Charge Rate; for the Geographic Area where the service is furnished.

As to **prescription drug** expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- 110% of the **Average Wholesale Price (AWP)** or other similar resource. **Average Wholesale Price (AWP)** is the current average wholesale price of a **prescription drug** listed in the Medi-Span weekly price updates (or any other similar publication chosen by **Aetna**).

A service or supply will be treated as a **covered expense** under the Other Health Care benefits category when **Aetna** determines that a **network** provider is not available to provide the service or supply. This includes situations in which you are admitted to a **network hospital** and non-**network physicians**, who provide services to you during your **stay**, bill you separately from the **network hospital**. In those instances, the **recognized charge** for that service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services:
 - the 80th percentile of the Prevailing Charge Rate; for the Geographic Area where the service is furnished.

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

Aetna may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- **Geographic Area:** This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- **Prevailing Charge Rates:** These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

Important Note

Aetna periodically updates its systems with changes made to the Prevailing Charge Rates.

What this means to you is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

Additional Information

Aetna's website aetnainternational.com may contain additional information which may help you determine the cost of a service or supply. Log on to **Aetna** Navigator to access the "Estimate the Cost of Care" feature. Within this feature, view our "Cost of Care" and "Member Payment Estimator" tools, or contact our Customer Service Department for assistance.

ERISA Rights

As a participant in the group insurance plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the Plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to preexisting condition exclusion for 12 months after your enrollment date in your coverage under this Plan. Contact your Plan Administrator for assistance in obtaining a certificate of creditable coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to \$ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or
- the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (1) all stages of reconstruction of the breast on which a mastectomy has been performed;
- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

IMPORTANT HEALTH CARE REFORM INFORMATION

Some language changes in response to the federal Patient Protection and Affordable Care Act (PPACA) may not be included in the enclosed certificate of coverage. This may be because the language is still pending regulatory review and approval. However, please note that Aetna is administering medical and outpatient prescription drug coverage in compliance with the applicable components of PPACA.

The following is a summary of the requirements under PPACA.

1. For non-grandfathered plans:

- a. Subject to any applicable age, family history and frequency guidelines, the following preventive services, to the extent they are not already, are covered under the plan at the Preferred Care level benefits only. Preventive services will be paid at 100% per visit and without cost-sharing such as payment percentages; copays; and dollar maximum benefits:
 - Items or services with an “A” or “B” rating from the United States Preventive Services Task Force;
 - Immunizations pursuant to the Advisory Committee on Immunization Practices (“ACIP”) recommendations; and
 - Preventive care and screenings that are provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (“HRSA”).
- b. If the plan requires or recommends that you designate a primary care provider, you may select any participating primary care provider who is available to accept you. In addition, you may select any participating pediatrician as your child’s primary care provider, if the provider is available to accept your child.
- c. If your plan requires the referral or authorization from the primary care provider before receiving obstetrical or gynecological care from a participating provider who specializes in obstetrics or gynecological care, this requirement no longer applies. Care includes the ordering of related obstetrical and gynecological items and services that are covered under your plan.
- d. You do not need prior authorization for the treatment of an emergency medical condition, even if the services are provided by a non-participating provider. Care provided by a non-participating provider will be paid at no greater cost to you than if the services were performed by a participating provider. You may receive a bill for the difference between the amount billed by the provider and the amount paid by Aetna. If a non participating provider bills you directly for an amount beyond your cost share for the treatment of an emergency medical condition, you are not responsible for paying that amount. Please send the bill at the address listed on the back of your member ID card and we will resolve any payment dispute with the provider over the amount. Make sure your member ID number is on the bill.
- e. You have the right to appeal any action taken by Aetna to deny, reduce or terminate the provision or payment of health care services. When we have done this based on the medical necessity, appropriateness, health care setting, level of care, or effectiveness of the service, you have the right to have the decision reviewed by an external review organization.

2. For grandfathered and non-grandfathered plans:

- a. Any overall plan year and lifetime dollar maximums no longer apply.
- b. Any Plan Year or annual and lifetime dollar maximum benefit that applies to an "Essential Service" (as required by PPACA and defined by Aetna) for Preferred Care and Non-Preferred Care no longer applies. Essential Services will continue to be subject to any coinsurance; copays; other types of maximums (e.g., day and visit maximums); referral and certification rules; and any exclusions and limitations that apply to these types of covered medical expenses under your plan.
- c. If your Plan includes a pre-existing condition limitation provision, including one that may apply to transplant coverage, then this provision will not apply to a person under 19 years of age.

- d. The eligibility rules for children have been changed. A child will now be eligible to enroll if he or she is under 26 years of age. Any rule that they be a full-time student, not married or solely dependent upon you for support will not apply. **Please Note:** For grandfathered plans only, if your child (under age 26) is eligible for employer based coverage other than through a parent's plan, then that child may not be eligible to enroll in this Plan. Contact your policyholder for further information.
- e. If your coverage under the Policy is rescinded, Aetna will provide you with a 30 day advance written notice prior to the date of the rescission.

IMPORTANT HEALTH CARE REFORM INFORMATION

However, please note that Aetna is administering medical and outpatient prescription drug coverage in compliance with the applicable components of the ACA.

The following is a summary of the recent changes to preventive services coverage and women's preventive health coverage under the ACA that applies to non-grandfathered plans that are not otherwise exempt from the requirements. IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
